

U.S.S.N. 10/605,788

2

81084431

**REMARKS**

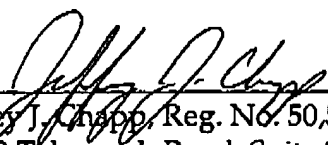

In the Office Action dated April 20, 2006, claims 1-20 are pending and subject to restriction. In the Response of September 6, 2005, the Applicants elected Group I without traverse. Applicants also elected, with respect to paragraph 6 of the Office Action of August 5, 2005, species A to the embodiment using a passive off-board vehicle setting update service. Applicants further elected, with respect to paragraph 7 of the August 5<sup>th</sup> Office Action, species C to the embodiment wherein updating said at least one setting is performed in response to at least one bar code. Applicants have also elected, with respect to paragraph 8 of the August 5<sup>th</sup> Office Action, the embodiment wherein said vision sensor is selected from a charged-couple device vision sensor only and stated that claims 2 is readable thereon.

The current Office Action states that Applicants failed to elect a single species with respect to paragraph 9 of the August 5<sup>th</sup> Office Action. Applicants herein elect the species directed to a controller that adjusts a memory setting only. Applicants submit that claim 9 is readable thereon.

Should the Examiner have any questions or comments, he is respectfully requested to contact the undersigned attorney.

Respectfully submitted,

**ARTZ & ARTZ, P.C.**
